<b>Resolution:</b>	fixed		
<b>Affected Versions:</b>	OpenNebula 3.0		

#### Description

Hi,

in this documentation page: [http://opennebula.org/documentation:rel3.0:img#driver\\_files](http://opennebula.org/documentation:rel3.0:img#driver_files)

There is a reference to:

`/var/lib/one/remotes/im/common.d`: Common probes to gather each monitoring metric

Which doesn't exist on my ON 3.0.

Is this an old feature that have been removed on the current release?

#### History

##### #1 - 04/10/2012 04:49 PM - Ruben S. Montero

- Target version set to Release 3.6

##### #2 - 04/10/2012 04:49 PM - Ruben S. Montero

- Assignee set to Javi Fontan

##### #3 - 04/12/2012 04:42 PM - Javi Fontan

- Status changed from New to Closed

- Resolution set to fixed

You are correct, this directory is no longer used but we failed to change this information in the documentation. The documentation is now fixed.

Thanks for letting us know about it.
