

OpenNebula - Feature #2105

AppMarket catalog filtering and administration

06/05/2013 11:52 AM - Michal Prostko

Status:	Closed	Start date:	06/05/2013
Priority:	Normal	Due date:	
Assignee:	Daniel Molina	% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:	Release 4.4	Pull request:	
Resolution:	duplicate		
Description			
Limit registered users to see only appliances that are in the category which they are allowed to view. Additionally, create an administration option for managing users and categories to view.

History

#1 - 09/02/2013 01:04 PM - Kamil Szczygiel

- File *appmarket_catalogs.patch* added

We've finished filtering based on the assigned catalogs to the user. Patch provides following functionalities:

- In Sunstone Marketplace only appliances that are public or are in catalog that user is assigned to are visible
- Assign catalogs to the user by editing his profile in 'Manage users' tab

Problems:

- Catalogs are visible during registration, same form as for editing is used

#2 - 09/10/2013 10:06 AM - Daniel Molina

- Status changed from *Pending* to *New*
- Assignee set to *Daniel Molina*
- Target version set to *Release 4.4*

#3 - 09/25/2013 08:41 AM - Kamil Szczygiel

- File *appmarket.patch* added

I'm uploading proper patch file... previous one was only a diff file :) modified generating filter method to allow everyone to get download links, otherwise libfs.sh is not able to stat size of the image if it's in private catalog (since wget has no session). Appliances visibility inside Marketplace is filtered to show only appliances from community and allowed catalogs.

#4 - 10/28/2013 09:57 AM - Daniel Molina

Hi Kamil,

Thank you for your contribution, it looks great.

We have moved the AppMarket repo to github:

<https://github.com/OpenNebula/addon-appmarket>

Would you mind to send a pull-request in that repo, so we can include it in the code.

#5 - 10/28/2013 11:53 AM - Kamil Szczygieł

Done :) Thanks!

#6 - 10/28/2013 12:01 PM - Daniel Molina

- *Status changed from New to Closed*
- *Resolution set to duplicate*

Great! Thank you
