Hi everyone,

in the latest release tarball 4.2.0 the javascript library datetimpicker (jquery.dtpicker) is delivered but not used anywhere (as far as I see). The path is src/sunstone/public/vendor/4.0/datetimpicker.

The attached patch removes the library and the installation part.

Thanks and best wishes,
Matthias

Revision bdf4b8a0 - 02/04/2014 06:07 PM - Matthias Schmitz
Request #2342 : Remove unused jslib datetimpicker.

See [http://dev.opennebula.org/issues/2342](http://dev.opennebula.org/issues/2342) for more information.

Signed-off-by: Daniel Molina <dmolina@opennebula.org>
