| <p>When errors occur in the execution of 'one start', the command still reports success. This is misleading as the only way to verify that the daemon launched properly is to go through the logs.</p> <p>Issue linked to StratusLab: <a href="http://jira.stratuslab.eu:8080/browse/STRATUSLAB-175">http://jira.stratuslab.eu:8080/browse/STRATUSLAB-175</a></p> |                                  |
