

OpenNebula - Bug #3699

RPM opennebula-sunstone should require numpy

03/20/2015 10:22 AM - Edouard Bourguignon

Status:	Closed	Start date:	03/20/2015
Priority:	Normal	Due date:	
Assignee:	Javi Fontan	% Done:	0%
Category:	Packaging	Estimated time:	0.00 hour
Target version:	Release 4.12.1	Pull request:	
Resolution:	fixed		
Affected Versions:	OpenNebula 4.12		

Description

Hi,

The opennebula-sunstone doesn't require numpy:

```
/bin/bash
```

```
/bin/sh
```

```
/bin/sh
```

```
/bin/sh
```

```
/bin/sh
```

```
/usr/bin/env
```

```
config(opennebula-sunstone) = 4.12.0-1
```

```
opennebula-common = 4.12.0
```

```
opennebula-ruby = 4.12.0
```

```
python
```

```
rpmllib(CompressedFileNames) <= 3.0.4-1
```

```
rpmllib(FileDigests) <= 4.6.0-1
```

```
rpmllib(PartialHardlinkSets) <= 4.0.4-1
```

```
rpmllib(PayloadFilesHavePrefix) <= 4.0-1
```

```
rpmllib(PayloadIsXz) <= 5.2-1
```

Therefore the novnc proxy is not working. At least in sunstone we get an error about "proxy vnc not running".

After installing package numpy, everything works fine.

History

#1 - 03/20/2015 10:27 AM - Ruben S. Montero

- Assignee set to Jaime Melis

- Target version set to Release 4.12.1

#2 - 03/30/2015 04:41 PM - Javi Fontan

- Status changed from Pending to Closed

- Assignee changed from Jaime Melis to Javi Fontan

- Resolution set to fixed

Added to 4.12.1 requirements.
