##### #1 - 08/05/2015 09:01 AM - Jaime Melis

- Tracker changed from Feature to Backlog
- Target version set to Release 5.0

note that this might not be an ideal solution as it doesn't do the vmdk -> raw conversion for ceph. However all this needs to be looked upon, as there is no conversion in the LVM drivers at all.

##### #2 - 01/04/2016 01:24 PM - Ruben S. Montero

- Target version deleted (Release 5.0)
