Hi,

After doing a bit of testing, it turns out that the problem is the translation itself.

Look at this line for example:

[https://github.com/OpenNebula/one/blob/master/src/sunstone/public/locale/languages/fr\\_FR.po#L398](https://github.com/OpenNebula/one/blob/master/src/sunstone/public/locale/languages/fr_FR.po#L398)

I'm closing this issue because it's not a problem with our code. The project is translated by the community, so maybe you can request help in the forum, or join the translation team! :)
