<b>Affected Versions:</b>	OpenNebula 4.14		

#### Description

I am facing same issue after upgrade opennebula and opennebula sunston from 4.12 to 4.14.

- Normal Users and oneadmin user too see spinning logo after login on the sunstone UI.
- sunstone.log file nothing show any error.
- Opennebula functionality from command line is working fine only facing issue on sunstone UI.

Attached sunstone.log file.

Attached installed packages lists txt file

Any idea about the possible solution.

Hi,

Can you paste your /etc/one/sunstone-views/admin.yaml file?

##### #2 - 05/17/2016 03:46 PM - Carlos Martín

- Status changed from Pending to Closed

- Resolution set to invalid
