History

#1 - 08/09/2016 09:50 AM - Jaime Melis

Instead of limiting it to a rollback after a failed migration, a possibility is to add a new action for the recover command that allows a "dummy" migration, placing the VM in a new host, from whichever state.

The core will take care of closing the history registries, keeping count of the resources, etc.

#2 - 08/17/2016 08:31 AM - Ruben S. Montero

- Assignee set to Carlos Martín

#3 - 09/02/2016 10:18 AM - Ruben S. Montero

- Status changed from Pending to Closed

- Resolution set to fixed
