

OpenNebula - Feature #4845

enable users with MANAGE permission to recreate a vm

10/04/2016 06:31 PM - Maximilian Raba-Streicher

Status:	Closed	Start date:	10/04/2016
Priority:	High	Due date:	
Assignee:	Ruben S. Montero	% Done:	0%
Category:	Core & System	Estimated time:	0.00 hour
Target version:	Release 5.4	Pull request:	
Resolution:	fixed		
Description			
<p>In Opennebula 5.x the feature recover --recreate can only be executed with ADMIN permission. In our case, some users want to be able to reset their VMs to the start state in favor of creating a new VM. This is especially useful when working with services. We compute the DNS name from opennebula names.</p>
