| <p>With the addition of <a href="https://dev.opennebula.org/issues/4826">https://dev.opennebula.org/issues/4826</a> there will be a configurable to have all actions on VMs in Sunstone require confirmation (which is great to have as an option, looking forward to that in 5.4!)</p> <p>However it would be nice if we could make the dialog for Terminate look different, because users/admins will now see similar dialogs for non-deleting actions like power off or reboot. As options, maybe add the red trash can icon, and add some warning text to briefly explain that terminate means delete, and a note that any non-persistent disks will be deleted too. Also, possibly could add a list of the non-persistent disks that will be deleted as a result of the terminate action, by querying the disks attached to the vm.</p> <p>Thoughts?</p> |                        |                        |            |

#### Associated revisions

##### Revision 4392349d - 02/16/2017 11:26 AM - Abel Coronado

F #5001 added trash when push terminate button (#191)

##### Revision 41afa036 - 02/20/2017 02:34 PM - Abel Coronado

Feature 5001 (#194)

- F #5001 added trash when push terminate button
- F #5001 Added new type of dialog for introduce icon into the dialog
- F #5001 Added new type of dialog for introduce icon into the dialog

##### Revision 328d7b58 - 03/16/2017 11:28 AM - Abel Coronado

F #5001: Includes the following:

- added trash when push terminate button
- Added new type of dialog for introduce icon into the dialog
- Added new type of dialog for introduce icon into the dialog

(cherry picked from commit 41afa036111794b9de40faa6a31b6850d2883ac2)
